

Proposed New Play Park

DCA are pleased that after very long negotiations the planning application for the proposed new Play Park was submitted during December. The Play Park, Car Park and Multi Use Games Area will be situated on the strip of land running parallel to the primary school and extending back as far as the existing army cadet hut.

The Play Park will be situated towards the front in the area currently used by the primary school as the drop off Car Park.

We would like to thank everyone who attended the public consultation in November for their very positive response to the proposal.

Drumahoe Development Trust

The community association plan to set up a development trust to progress areas of neglect within the village of Drumahoe.

If you would be interested in getting involved and have the time and passion for this type of project can you contact [Andrew on 07890 824 156](mailto:Andrew.on.07890.824.156) or email info@drumahoe.org

Dog Poo "Crackdown"

Dog poo on the pavements and grass verges is still an ongoing problem in the Drumahoe area. Derry City Council have tasked their wardens to urge walkers to tell them if they see people failing to pick up their dogs' mess. DCC want better Dog Control Areas where dogs are kept on leads etc

~ dogs may be excluded from play parks

~ dogs may be required to be kept on a lead along popular walkways, cemeteries, football fields and public parks.

We would urge you to report those who fail to pick up after their dog.

Anyone with any concerns please contact:-

Derry City Council at 7136 5151 or the Council Dog Shelter on 7126 1414 for more information and ask to speak to one of the Dog Wardens. You can also email: dogcontrol@derrycity.gov.uk

Reimaging Project

The facilitator has been appointed for the Reimaging Project on the derelict plot of land at the junction of the Fincairn and Drumahoe Roads. The money for this has been received from Arts Council NI.

The facilitator will engage with local organisations and interest groups as well as the general public from Drumahoe as to their views on possible themes for the artwork on the site.

Later stages in the process will include appointing several artists to interpret the themes into possible artworks and from these we will then select 1 artist to produce a suitable finished product.

The facilitator plans to hold an engagement session with the general public on:-

26th February 2014 in Drumahoe Primary School from 7:00pm.
Please come along and engage with the project.
