Dog Fouling

Unfortunately after numerous requests from the DCA to ask dog owners to be responsible citizens and clean up after their dog, a number of owners continue to allow their dogs to foul on our streets. The Community Association have consulted the City Dog Wardens who have agreed to increase their presence in the Drumahoe area and as a way of identifying irresponsible dog owners the DCA are looking for residents to email us at info@drumahoe.org or contact any Committee Member with details of persistent offenders. The Dog Warden will then contact the individuals involved directly.

Playpark update

After the excitement of being awarded the funding for the District Park there is much work now being undertaken to ensure we comply with the strict conditions set out by the Funders. Currently we hope to have consultants appointed by the end of September 2016 with the Tender process being undertaken during the first quarter of 2017. This will hopefully mean contractors should be on site during June 2017. All dates are obviously subject to change but you can be assured that stakeholders will do everything to ensure prompt completion.

Community Audit

With the District park ongoing we are hoping to progress other projects within the Drumahoe area and to that end we are required to carry out a Community Audit. The audit will help us develop a strategy based on the needs and aspirations of the residents of Drumahoe and surrounding area. The Audit will be in the form of a questionnaire and will hopefully be ready in the next few weeks. Can we ask you all to complete these forms to ensure that we as a Community Association fully understand the needs of the residents..
